Trellis Net

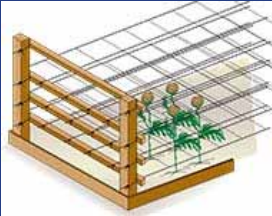

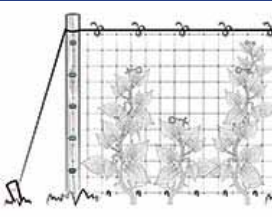

Made in Italy

Mesh for vegetables and flowers

It is the plastic mesh that has revolutionised the cut flower and climbing vegetable cultivation system. Produced from top quality polypropylene and made with the exclusive dual stretching extrusion process that ensures optimum strength and duration. It has replaced metal meshes, iron trellises and perishable materials such as bamboo canes or wood, traditionally used to create support and separation frames.

- UV treated
- Resists bacteria, chemical agents and mould
- Does not rust
- Easy to install

Surface Sanitizer & Disinfectant

PURELL® Multi-Surface Sanitizer & Disinfectant
Broad-spectrum, one-step surface disinfectant and cleaner.

The Power of PURELL® Professional Surface Disinfectant

Fast and Effective

PURELL Professional Surface Disinfectant kills 99.9% of germs, including Norovirus and Cold & Flu viruses that can spread rapidly. The patented formulation works fast, killing 27 germs on surfaces in just 30 seconds.

Worry-Free PURELL TOUCHABLE® Technology

Our powerful but low-toxicity formulation means you can disinfect throughout the day as needed.

- Formulated for food-contact surfaces — no rinse required
- No warning or caution labels required
- No handwashing, gloves or safety glasses required
- No harsh fumes

RCP2007917
Slim Jim® Recycling Station 3 Stream Landfill/Paper/Bottles/Cans
An adaptable recycling solution offers a front-of-house look with back-of-house functionality.
•Intuitive lid openings help patrons and staff sort recyclables more effectively.
•Provide better waste stream visibility by selecting a color and waste stream label for your facility needs.
•Hinging lid inserts are optimized to fit any size recyclable.
•Simple and durable execution. Components snap in place without the use of hardware.
